Betreff: THANKS

A Quick note of thanks for the "Storm up the mountain" (team-training) session over the last few days.

A great success, and one that the entire team enjoyed. Let's try and catch up mid/end next week. If possible, I would appreciate your team

input on:

- 1) a 1 page summary of lessons learned / tips for the team from the exercises we did
- 2) when we can have a follow up with the team perhaps taking that sheet and asking team to apply to day to day work.
- 3) any input you have on the team and specific members.

Thanks again

Jonathan
